

Patria Pilot training

The leading Multi-Crew Pilot License (MPL) training provider in Europe

Through Life Capability

Patria is the leading specialist in Multi-Crew Pilot License (MPL) training in Europe. Patria is an EASA Approved Training Organisation offering MPL programmes for A320 and ATR-42/72 aircraft.

Professional MPL training from the top of the world

Education quality in Finland is among the best in the world. Patria instructors are carefully selected aviation professionals. Pilots trained by Patria carry the label of quality within their pilot licenses.

MPL cadets will receive their training in Finland and Spain:

ATPL theories	Finland		
Phase I	Spain	70 hrs	DA40 NG
Phase II	Finland	100 hrs	A320 FTD1
Phase III & IV	Finland	70 hrs	A320 FFS

Patria's simulator base is at Helsinki International Airport, co-located with Finnair Flight Academy. Patria operates its main base at Tampere-Pirkkala

Airport with instrument ME flying training capabilities for ATP students, while initial flight training will be provided in Córdoba, Spain under favorable weather conditions throughout the year.

Airbus A320 Type Rating Training

In addition to A320 MPL, Patria also offers Airbus A320 Type Rating training. This training will be provided in Finland and combines efficient use of A320 FTD and FFS.

Patria's training fleet

Patria's training fleet is equipped with state-of-the-art Garmin avionics. The students will learn to fly from the first hour with a modern EFIS instrumentation.

11 x Diamond DA40 NG

- VFR & NVFR training
- Basic instrument training
- IFR training
- Garmin G1000 NXi equipped

3 x Diamond DA42-IV

- Multi-engine VFR & IFR training
- Flight Into Known Ice (FIKI) Certified
- Garmin G1000 Equipped (DA42-VI Garmin NXi)

Airbus A320 FNPT II/FTD1 MCC

- Fixed Base simulator by MPS
- MPL Phase II training
- MCC/APS MCC training

2 x Diamond DA-42 FNPT II

- By Diamond Aircraft Industries
- IR procedures training
- ME training
